

DRIVE RESULTS WITH MAZAK INNOVATION

Attend DISCOVER MORE WITH MAZAK Midwest

Join Mazak for a two-day DISCOVER MORE WITH MAZAK Midwest event, to see industry-leading manufacturing technology in action, including: Multi-Tasking turning centers and DONE-IN-ONE® part processing to increase shop productivity; Swiss-style production turning for small, precise parts; CNC vertical machining and turning; Kentucky-built Ez machining; additive manufacturing for 3D part production; and full 5-axis milling for complex part production.

Plus, you'll have plenty of opportunities to speak with industry experts one-on-one to learn more about how you can do more and make more with Mazak.

WHAT ▶ DISCOVER MORE WITH MAZAK Midwest

WHEN ▶ May 5-6, 2026

**WHERE ▶ Mazak Midwest
Technology Center
300 Commerce Drive
Schaumburg, IL 60173**

TECHNOLOGY IN ACTION

- ▶ DONE IN ONE® part processing and Multi-Tasking machines like the **INTEGREX i-150**, **INTEGREX j-200S NEO** and **QT-Ez 10MY**

- ▶ Mazak's full family of **Swiss-type turning machines** for bar work ranging from 10 to 38mm in diameter

- ▶ CNC horizontal machining and turning centers, including the high-accuracy **HCN-4000 NEO** and **QRX-50MSY**

- ▶ **Kentucky-built vertical machining centers** with Y-axis strokes from 26" to 32" for reliable part processing on compact machine platforms

- ▶ Additive manufacturing capabilities for 3D shapes with **HYBRID Multi-Tasking VC-500A/5X AM HWD**

- ▶ Full five-axis machines, including the next-generation **VARIAXIS i-700T**

Make 2026 your year with Mazak.
